**EXHIBITION TERMS AND
CONDITIONS FOR
WORKS IN THE
UNDERGRADUATE**

I understand that my work will be on exhibition in the Community Arts Gallery from April 13 to May 04, 2007. I agree to remove my work(s) from the Community Arts Gallery by May 11, 2007 or it may become the property of the Gallery, and disposed of, or sold for profit.

My work will remain on display in the gallery until May 04, 2007. It will not be removed prior to that time for any reason.

The university will not insure works of art displayed in the hallway outside of the Community Arts Gallery. While gallery assistants will take measures to install the paintings with security chains (requiring a screw to be placed in the canvas stretcher) and monitor the hall space during gallery hours, artists are displaying works at their own risk. All paintings will be chained to the wall, and therefore have a screw place into the canvas stretch.

University insurance does not cover accidental breakage or mysterious disappearance of works installed inside the Community Arts Gallery.
